

SPRING QUARTER 2014 COURSE OFFERING:

## **RE 598 GREEN BUILDING LAW & RISK MITIGATION**

TUES/THURS, 7:00 PM - 8:20 PM, 3 CREDITS

INSTRUCTOR: NICOLE DENAMUR, JD & LEED GREEN ASSOCIATE

This course will focus on the intersection of green, high performing buildings and the law. Students will learn to identify and understand the risks and challenges presented by high-performing buildings, and analyze frameworks and strategies to manage and overcome these challenges. This course is designed to prepare future sustainability leaders for the issues they will encounter as this area continues to evolve and become increasingly regulated.
