

RUNSTAD DEPARTMENT OF REAL ESTATE

UNIVERSITY *of* WASHINGTON

College of Built Environments

Position announcement: Affiliate instructor in Corporate Real Estate & Facilities Management – Spring 23

The Runstad Department of Real Estate is seeking applicants for an affiliate instructor position teaching every spring quarter a graduate level course in Corporate Real Estate & Facilities Management.

This course focuses on identifying and servicing the strategies and needs of corporate America through owned and leased commercial property assets. Corporate Real Estate requires professionals to understand the true vision and mission of corporate CEOs, CFOs and COOs. Real estate and facilities are critical in the success of corporations as they operate and grow based on their own set of parameters. This course focuses on an overview of the real estate strategies and services applied in corporate real estate decision making and understanding the: what, where, when, how and why of corporate real estate planning.

The instructor will have the opportunity to explore the educational material currently available and expand those resources. The instructor is also encouraged to partner with local and regional Corporate Real Estate professionals and organizations.

Prospective instructors should be familiar/prepared to conduct class simulations. Subject areas to be covered include: Role and duties of corporate real estate professional, corporate strategy and drivers/workforce allocation, customer procurement, site selection and portfolio management, workplace transformation, corporate relocation strategies and space optimization, organizational models, facility and project management, performance measurements & benchmarking, effect of corporate social responsibility on real estate, business continuity and disaster preparedness.

Qualifications: Applicants must have a Master's degree in a relevant field. Work experience in corporate real estate or facilities management is required. Related industry experience in construction, engineering, architecture, and private industry is preferred. Teaching experience is preferred although professional experience will be evaluated accordingly.

Submission material: Applications, including a letter of intent, resume, and three letters of recommendation, should be emailed to Prof. Sofia Dermisi at sdermisi@uw.edu by **January 3rd, 2023**. If you are interested in the position, please reach out to Prof. Dermisi for the course syllabus and any other questions you might have.

Course timing Spring 23: Instruction: March 27th – June 2nd, Tuesday/Thursday 8.30-10.20am; exam week: June 3rd-9th, 2023

The University of Washington is an affirmative action, equal opportunity employer. All qualified applicants will receive consideration for employment without regard to, among other things, race, religion, color, national origin, sex, age, status as protected veterans, or status as qualified individuals with disabilities.
