

## PROFILE

Hello and thank you for reading this profile.

As a University of Washington Sophomore, maintaining a 3.82 GPA, I am first and foremost thankful for the opportunity to attend and represent this world class University. Alongside the support of my family and the guidance of upperclassmen within my fraternity, my goal is to earn a seat within the Fosters School of Business. Upon completion of a Bachelor's degree in Business, I plan to continue my academic career in law school, with an emphasis in construction.

I hope this resume and my achievements reflect how hard I have worked in the classroom and in life, how well-rounded I am and how consistent I have been in achieving my academic and personal goals.

Please know I am hard-working, confident and always accountable, but also easy to talk with and quick to smile.

## SKILLS & INTERESTS

-A friend and I created 'Spikes for Scrapes', an annual Spike Ball tournament to raise money for the Scrapes animal shelter. In the Summer of 2019, we raise \$315. The next event is planned for summer 2020.

-Member of the Liberty Lake Youth Commission from 2018-2021. Plan and host events to bring youth together in the community.
